

Civic Association of Palisades (CAP) Absentee Ballot

An absentee ballot is a vote cast by a CAP member who is unable to attend a CAP General Meeting. You may vote on predetermined issues as they exist prior to a General Meeting. If an issue summarized on this form is altered during discussion in any way from its full published explanation, then the vote on this ballot is nullified. A completed absentee ballot will not be considered when determining whether a quorum is in attendance at the General Meeting. An absentee ballot should only be used as a last resort if a member of the CAP household cannot make the meeting and a suitable proxy cannot be found. Please complete and return this form to a member of the CAP Board of Governors. Completed form must be received one week prior to the General Meeting. For more information on Absentee voting, please see <https://www.palisadesonthesevern.com/absentee-and-proxy-voting> or the CAP By-Laws, also available on the CAP website.
